

Summer Internship Opportunity

Work outside with children all summer long!

The JC Raulston Arboretum's Children's Program serves over 3500 children a year. This summer, you can help create and deliver science-based lessons to homeschoolers, girl scouts, and local families. The education intern will also work alongside a certified teacher in our summer camps working with preschool through middle school campers. Gain experience while having fun in the gardens this summer!

Requirements:

- Full-time undergraduate student in a 2 or 4-year college program. (Students who graduate in Spring 2018 are eligible.)
- Creative, energetic personality with interest in teaching, children, and science.

Internship will run from May 14 until August 10, 2018.
Work weeks are 32 hours, \$10 per hour.

To apply, please submit:

- ONE page personal interest statement
- A current RESUME
- ONE letter of personal reference addressed to the "JCRA Education Internship Selection Committee"

Send all application materials by **February 9, 2018** to Elizabeth Overcash, Children's Program Coordinator
